Your pre-approval is based on the information provided in your credit request and is contingent upon but not limited to the following verifications: income and/or assets, an appraisal supporting the property value, acceptable title review, and no adverse change in your financial condition.

For any questions on this pre-approval, please feel free to call us at 855-381-5896.

Thank you for choosing Bethpage Federal Credit Union

ANNUAL PERCENTAGE RATE (APR): For a Home Equity Line of Credit the ANNUAL PERCENTAGE RATE is based on the value of an index. The Index is the Prime Rate and is published in *The Wall Street Journal*. To determine the ANNUAL PERCENTAGE RATE that will apply to your Home Equity Line of Credit, we add a margin to the value of an index. The ANNUAL PERCENTAGE RATE (corresponding to the Periodic Rate) and a minimum monthly payment can change as a result of the variable rate feature. Your ANNUAL PERCENTAGE RATE can change each month. In no event will the minimum ANNUAL PERCENTAGE RATE ("Floor Rate") be less than 3.25%; with the exception of our Introductory Rate offering or the maximum ANNUAL PERCENTAGE RATE will not increase above the maximum rate permitted by National Credit Union Association, which is currently 18.00%. Except for the 18.00% "cap", there is no limit on the amount by which the rate can change during any month.

INTRODUCTORY RATE:

If you are approved for an introductory rate that we offer, the Initial ANNUAL PERCENTAGE RATE is "discounted" - it is not based on the index and margin used for later rate adjustments. For our introductory rate offering, the initial ANNUAL PERCENTAGE RATE will be in effect for 12 months, with a maximum 75% Loan-to-Value (LTV), and members who take an initial draw of \$25,000, maintain this balance for 12 months, and have automatic transfers from any Bethpage account for the monthly payment on the account. Published rates and terms based on primary homes. The introductory rate only applies to loans that have not had an introductory rate within the past five years. If the borrower does not qualify for the introductory rate, an advance of \$25,000 is required in order to avoid a rate adjustment to the non-introductory rate. Ask us for the current index value, margin and ANNUAL PERCENTAGE RATE. After you open a line of credit, rate information will be provided on a periodic statement that we send you.
